

# USER GUIDE TO THE RAIS PRICE LIST

The RAIS price list has been put together with the goal to help you increase sales and therefore is meant to be an:

- easy to use sales tool for the RAIS dealer sales staff
- information resource to facilitate the ordering process
- increase of the RAIS dealer independence and speed up the ordering process

The price list follows a logical structure & is based on a few simple principles:

- Product listing
- Abbreviations
- Product options
- Accessories, Spare parts and Pipe
- Price basis

## 1. PRODUCT LISTING

The chronological order of the products in the price list presentation follow same order as the in the RAIS 2007 catalogue.

The products are organized in the following listing sequence:

- |                            |                     |
|----------------------------|---------------------|
| • <b>Stoves</b>            | <b>Page 1 – 6</b>   |
| • <b>Insert (RAIS 60)</b>  | <b>Page 6</b>       |
| • <b>Grill</b>             | <b>Page 7</b>       |
| • <b>Fire wood holders</b> | <b>Page 7</b>       |
| • <b>Pipe</b>              | <b>Page 7 - 8</b>   |
| • <b>Hearth Plates</b>     | <b>Page 9</b>       |
| • <b>Fire tool sets</b>    | <b>Page 9</b>       |
| • <b>Stove accessories</b> | <b>Page 10 - 21</b> |

For each product variation, in any category, we provide you with:
